Formed in March 2003, the Duo Élan is entering its eighth year, presenting beautiful classical as well as popular wedding music for violin and cello. Raphael and Adriana have played at a wide range of popular venues and perform stylish ceremonial and background music for weddings, receptions, birthdays, corporate functions, product launches and special occasions.

We offer a choice of two main combinations, either as Duo Élan (violin and cello), or as Trio Élan (violin, cello and piano / digital piano, or violin, viola and cello). Other combinations and instruments are available on request. Whichever combination, from our extensive list of repertoire and wedding music, we will create the perfect atmosphere for your function.

When playing as a piano trio, our adaptable digital piano provides the rich sound of a Steinway grand piano, therefore you can enjoy the Élan Ensemble anywhere. Alternatively, we will bring to life the piano at your venue. Playing as a violin and cello duo, we can play either as an 'unplugged' duo, or we can combine our playing with a vast range of professionally recorded backing tracks, covering a very broad spectrum of genres. These backing tracks are recorded with the same instrumentation as those of the original singers / artists. Our professional sound system is of a very high acoustic quality, and visually elegant, blending with any atmosphere to remain in the background. Visually we retain our authenticity as string players.

The Élan Ensemble has a huge repertoire, including all styles from Baroque music, light Classical, Classical, Romantic to modern, popular, all styles of dance music, ceremonial music , film music and jazz.

Special requests are catered for, and repertoire of Josh Groban as well as similar songs have also been included recently.

We also offer different combinations of instruments by special request and on quotation.

Should your venue be outside the Johannesburg North / Muldersdrift area, an additional travel allowance may apply. Please confirm with us.
